

CAREER CONNECT · SUMMER 2026

Workshop Catalog

What each workshop covers and when it is offered —
so you can choose your six weeks with confidence.

Use this to choose workshops. Register in the portal. Add registered sessions to the planner after.

• HOW TO USE THIS CATALOG

Choose first. Register second.

Use this to see every workshop, what it covers, and the times it is offered. It does not reserve a seat — registration happens in the student portal.

1

Start with Career Essentials

Plan to attend all 6 Career Essentials. With kickoff, that gets you to the 7 live sessions needed to complete Career Connect.

2

Consider Career Edge sessions

Career Edge sessions count too. Note the ones that fit your schedule, goals, or where you want extra practice.

3

SECURES YOUR SPOT

Register in the portal

Once you've chosen, register in the Career Connect student portal — it has all dates and times. This is the only step that secures your spot.
